

Starlight Investments Participates in ThorncliffeGrows Project

Toronto – **May 21, 2020** – This past Saturday, Starlight Investments (“Starlight”) participated in the ThorncliffeGrows project at our property located at 71, 75, and 79 Thorncliffe Park Drive in Toronto, Ontario (the “Property”).

“We are excited to have participated in this great community initiative. We are passionate about giving back to the communities in which we are present, especially during the current COVID-19 pandemic,” explained Daniel Drimmer, Starlight’s President and Chief Executive Officer

The new ThorncliffeGrows project aims to provide fresh, local food to the community in Thorncliffe Park and tackle current and longer-term food access issues by growing fresh produce anywhere that allows for it. The project brings an "edible landscape" to the residents of nine tower communities in Thorncliffe Park, including the Property, through two urban garden sites and fruit trees planted among the towers. The new trees will allow residents to pick their own fruits and vegetables, and the garden and orchard will serve as a place for educational programs where residents can learn skills including fruit pruning, planting, maintenance and harvesting. The new project is a collaboration of summerlunch+ and the Thorncliffe Park Urban Farmers.
